SHIGA

Welcome to Shiga Prefecture!

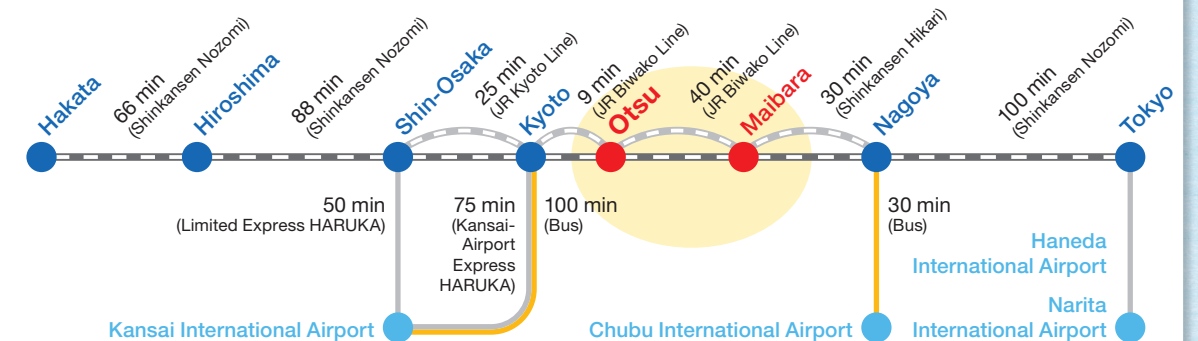

The natural riches of Shiga Prefecture make it ideal to enjoy the great outdoors amid stunning scenery, including Lake Biwa, one of the world's most famous ancient bodies of water and Japan's largest lake, stretching over one-sixth of the prefectural territory. Having prospered through the ages as the heart of a sophisticated society and economy, Shiga's deep history and culture are also major attractions.

SHIGA

Basic Guide

Western Shiga

Kosei ▶ **Otsu, Takashima**

As a rest-stop town along the main travel artery connecting Tokyo and Osaka, the Otsu area flourished as an inland port on Lake Biwa and today remains a place of scenic beauty, dotted with majestic temples and shrines such as Enryakuji Temple and Miidera Temple. Head northward towards the skyline of Hira mountains to discover the wonders of wilderness in the Takashima district, a great area to enjoy water sports such as SUP, hiking, and skiing.

Southern Shiga

Konan ▶ **Kusatsu, Koka, Shigaraki**

Enjoy the atmosphere of a classic lakeside resort at Kusatsu on the east shore of Lake Biwa, still resplendent with echoes of past glory when it prospered as a major stop on the Tokaido and Nakasendo roads. Attractions here include Konan Sanzan, famous for autumn leaves, and the experience of becoming ninja in Koka. In the mountain village of Shigaraki, countless ceramic sculptures of Japan's beloved "tanuki" raccoon welcome you amid an idyllic environment.

Eastern Shiga

Koto ▶ **Hikone, Higashiomori, Omihachiman**

Home to national treasures like Hikone Castle and the daimyo gardens of historic nobility, a stroll through Hikone is a trip back in time amid the scenery of this ancient castle-town. The school buildings of the former Toyosato Elementary School are today a sacred place for anime fans of "K-ON!". Historical architecture and charming townscapes remain in Omihachiman, the famous hometown of the wise Omi merchants.

Northern Shiga

Kohoku ▶ **Nagahama, Maibara**

Nagahama once prospered as a major post town on the Hokkoku Road. The townscape of Kurokabe Square still retains the atmosphere of ages past. Visit the power spot Chikubushima Island, climb Mount Ibuki, one of "Japan's 100 most famous mountains," idyllic scenery of the Kannon Village, and take in the view of Lake Biwa, which was chosen as one of the 100 best sunsets in Japan.

Events

Shiga Prefecture has many notable seasonal events and aspects, such as festivals with a unique background and/or extraordinary history, arts and crafts nurtured through a long history, and natural landscapes with seasonal beauty.

SPRING

Omihachiman Sagicho Festival

A fire festival held at Himure Hachimangu Shrine. In the afternoon of the first day of the festival, about 10 to 20 Sagicho floats, which are made with straw and cedar wood, with a height of six meters, depart the shrine. On the next day, the floats parade through the town from the morning and start to be torched on the shrine grounds from about 8 p.m. (National Important Tangible Folk Cultural Property)

Nagahama Nagahama Hikiyama Festival

The festival of Nagahama Hachimangu Shrine is held from April 9 to 17 every year. The floats, decorated with traditional sculptures and paintings, are called a "mobile art museum." Another highlight of the festival is "Children's Kabuki," where children give performances of kabuki. (UNESCO Intangible Cultural Heritage)

Hikone Hikone Castle Cherry Blossom Festival

In spring, about 1,100 cherry trees in the area around Hikone Castle start to bloom, attracting many people with the beautiful blossoms. The festival is held around April 1 to 20 every year, during which the cherry blossoms along the moat are beautifully illuminated.

AUTUMN

Shigaraki Shigaraki Ceramics Festival

Shigaraki-yaki is the traditional craft product of the Shigaraki area. Beside the famous Shigaraki statue of tanuki (Japanese raccoon dog), various ceramic items, such as plateware, umbrella stands, and bathtubs, are available. You can also join a pottery workshop and have an opportunity to eat and drink using Shigaraki-yaki cups and plates.

Otsu Otsu Festival

This festival at Tenson Shrine offers an atmosphere similar to Kyoto's Gion Festival. It features elaborate karakuri wind-up dolls on each of the 13 hikiyama (dashi) floats. During the parade of the floats, the dolls showcase their karakuri performances at more than 20 sites. (National Important Tangible Folk Cultural Property)

Takashima Colored Leaves of the Row of Metasequoia Trees

About 500 metasequoia trees stand along the prefectural road for about 2.4 km, creating impressively beautiful scenery. The leaves of the metasequoia trees don't turn to bright red but to more unique colors, which are described as "brick color" and "brownish color."

SUMMER

Moriyama Nagisa Park Sunflower Garden

Covering the huge park of about 4,000 sq. m., about 12,000 small sunflowers called "smile kids" bloom. The contrast between the yellow sunflowers and Mount Hira is really picturesque. The peak season for the sunflowers is usually mid to late July.

Taga Mantosai Festival at Taga Taisha Shrine

Held from August 3 to 5 at Taga Taisha Shrine, this lantern festival is for offering people's gratitude for "Izanami no Mikoto," the progenitor goddess of the Japanese myth. More than 10,000 lanterns are lit, shining against the summer night sky and creating a dreamy atmosphere.

Otsu Lake Biwa Grand Fireworks Festival

About 10,000 launches of fireworks above Lake Biwa create a colorful view of the summer night sky and lake surface. This festival attracts about 350,000 visitors every year to come and enjoy the powerful, colorful fireworks. You can enjoy the fireworks from anywhere along the lake shores.

WINTER

Nagahama Bonbai Exhibition

About 90 bonbai, ume plum tree bonsai, are beautifully displayed in Japanese style tatami rooms. These bonsai include a very tall tree of close to three meters and a very old tree, which is claimed to be 400 years old. Enjoy a sophisticated technique and natural beauty at the same time!

Otsu Omi Jingu Shrine Karuta Festival

"Karuta" is Japan's traditional card game, in which participants compete with each other for the speed of grabbing the correct card indicated by reading out loud of a poem. After "Karuta Opening Ceremony" with four women in a traditional costume, the national championship tournament of competitive karuta is held.

Omihachiman Hina-doll exhibition

Precious hina dolls and gogatsu ningyo dolls, which are owned by the local merchants, are displayed. From the elaborate works on the dolls, you can feel the spirit and attitude of merchants in Hachiman to cherish the culture and tradition. Why not go and see the elegant dolls in the quaint old town?
